CONFERENCE EXPECTATIONS

NACTEI has served the needs of career and technical education for almost two decades and has developed a quality reputation in the CTE community. The conference generally draws 250+ secondary and postsecondary representatives from across the nation. With Covid and restrictions for travel, NACTEI is embracing the virtual conference environment to provide an opportunity for connection and networking of Perkins Coordinators, State and Local Leadership, and others who have an interest in Perkins V and the numerous changes it has generated.
